Pentel

CATALOGUE 2017-18

www.pentel.co.uk
At Pentel we pride ourselves on quality, innovation and reliability, and this is reflected throughout our entire range of products. In the following pages you will find tried and trusted favourites, together with new and exciting products, all giving you the performance you expect from Pentel.

It is estimated that Pentel innovation has inspired in the region of two-thirds of writing instruments technology in everyday use around the world. Throughout our fantastic range of products, from the quick-drying, smudge-free EnerGel, to the colourful and convenient Pentel Arts collection, there’s something to inspire everyone to be creative.

Our Recycology range reflects our commitment to manufacturing products that are safe for the environment. The collection consists of display books and presentation files that are all made from at least 50% recycled materials, without compromising quality.

To complement our range of products we offer a variety of merchandising solutions and displays. For more information see page 60

Pentel have a company-wide total quality management programme and our factories are registered to ISO standards. We are devoted to developing products that benefit consumers and the environment by using low-odour inks and recycled materials where possible.

For more information on any of our products please contact your local representative or call our customer services team on 00 44 (0) 1793 823333.

E-mail salesoffice@pentel.co.uk or visit our website: www.pentel.co.uk
Pentel is proud to be a corporate partner of Breast Cancer Now, Prostate Cancer UK and the Marie Keating Foundation. Thanks to your support we continue to raise thousands of Pounds to help fund vital projects in the UK and Ireland to improve the lives of those who suffer from, or are affected by, cancer.

We’ve supported Breast Cancer Now since 2006 and we’ve raised over £1.1 million for the charity to date.

For Prostate Cancer UK, we have raised over £415,000.

During our recent relationship with the Marie Keating Foundation we’ve helped raise valuable funds for the very important projects supported by the charity in Ireland.

Our special edition products are available from many customers, plus our own online store. We make a donation to the respective charity for every pen sold through these channels, which you will find online and on packaging and point-of-sale materials.

You can keep up to date with our latest fundraising totals by visiting our website: www.pentel.co.uk

As responsible manufacturers Pentel strive to ensure that the natural resources we employ are used economically and sensitively throughout our entire company operations.

In product development, where possible we use recycled materials such as plastics and paper. We also make many products that can be used for a long time – for example refillable pens and mechanical pencils.

The number of Pentel products with a demonstrable ecological benefit increases every year. But it’s not necessarily a new initiative: for many years Pentel has been seeking ways of producing longer lasting products that are more efficient to produce and require fewer of the world’s valuable virgin resources.

Our commitment to the principles of the three Rs – reduce, reuse, recycle – manifests nowhere more strongly than in Recycology. A philosophy that informs many aspects of our business – from the way Pentel endeavour to reduce power consumption to the use of recycled materials in our products - Recycology is also the name of a Pentel filing and presentation range.

Recycology files, display books and organisers are made from at least 50% recycled materials*, designed to reduce manufacturing impact on the environment. But, use of recycled materials does not mean we compromise quality or performance.

Throughout this catalogue you will see the Recycology logo next to many of our products, including pens, markers, mechanical pencils and correction products, denoting the use of a minimum of 50% recycled materials*.

* Percentage based on the total weight of the product excluding consumables

Breast Cancer Now funds world-class research projects across the UK and Ireland that could help put an end to the disease. Its aim is that by 2050 no one will die from breast cancer. Visit www.breastcancernow.org for more information

See page 9 for product details.

Prostate Cancer UK fights to help more men survive prostate cancer and enjoy a better quality of life. The charity funds research, raises awareness and improves care for those affected by the disease. Visit www.prostatecanceruk.org for more information

See page 9 for product details.

The aim of The Marie Keating Foundation is to “enlighten not frighten”. The charity is now a leading voice in cancer awareness and information for both men and women in Ireland. Visit www.mariekeating.ie for more information

See page 9 for product details.

With its revolutionary low viscosity liquid gel ink, the EnerGel formula is quicker drying and smoother flowing than ordinary gel ink, giving a similar sensation to liquid ink. Because the ink dries super quickly it’s appreciated by right and left-handed writers alike, as it produces smudge-free results on paper or hands.

Unlike liquid ink products, though, EnerGel doesn’t need a regulator to control its flow – the ink is delivered directly from the reservoir or refill to the tip in one smooth transition. That’s why the family of EnerGel products gives you the ultimate, yet affordable, writing experience. The majority of the EnerGel range is made from a minimum of 50% recycled material.
Premium retractable roller pen
Smart metal body, pocket clip and nib advance
Wave design, grooved finger grip for extra control
Lightweight barrel for comfortable writing all day
Supplied with black ink

Cancer Research UK is a registered charity in England and Wales (108946), Scotland (SC042677), the Isle of Man (1431) and Jersey (284). Registered charity number 187212.
Pentel’s gel is a pigment-based ink which is waterproof and rich in colour. Perfect for creative use or everyday writing, the ink flows smoothly to the last drop. There are many products and styles to choose from within the popular range, with stunning colours and a variety of tip sizes.

All Pentel gel rollers are acid-free. The Hybrid Dual Metallic is Pentel’s latest innovation – and what a sensation it is! With its sparkling iridescent gel ink, it looks different on dark or light paper: Hybrid Dual Metallic is unlike any other gel pen.

Other special features found in some of our gel pen range include fade-resistant ink, suitable for official documents (as used in our fantastic Hyper G gel roller).

Our classic rollerballs include the world-famous Ball Pentel, with its smooth flowing, water-based ink and iconic green barrel.

PLASTIC/FIBRE TIP PENS

Pentel developed the very first fibre tipped pen - the world famous Sign Pen - over 50 years ago. This product, along with others such as the Ultra Fine Pen, helped establish our reputation for performance and innovation. Half a century on, Sign Pen and Ultra Fine are still firm favourites in the studio, office, college and home, complemented by new members of the family and, of course, our famous delta-nibbed fountain pen range.

**Ultra Fine**

- Original plastic-tipped fineliner
- Ideal for figure-work or stencilling
- Water-based ink
- Distinctive orange barrel
- Tip housed in supportive metal sleeve

**Handwriter**

- Plastic-tipped pen
- Durable tip resists pressure on the nib
- Great for those learning to write
- Water-based ink
- Ideal for practising handwriting skills

**Sign Pen**

- The original fibre-tipped pen
- The designer’s choice - perfect for graphics and illustrations
- Non-permanent water-based ink in 12 colours
- For office, college or home
- Made from 83% recycled material*  
  *Percentage based on the total weight of the product excluding the ink. Black, red, green and grey only carry recycled material.

**COLOUR PEN**

- Superior general graphics pen
- Water-soluble ink
- Durable fibre tip
- Ideal for illustrations, artwork and projects

For colour sets see page 49
**Fountain Pentel**

- Original ‘delta’-shaped nib fountain pen
- Smooth flowing, water-based ink
- No messy refilling
- Variable line width
- Firm feel one side, flexible response the other

**Pentel Stylo**

- Flexible plastic nib fountain pen
- Smooth flowing water-based ink
- Double-sided ‘delta’ shaped nib adapts to handwritter’s style
- Ideal for those learning to write or improving their writing skills

When it comes to markers, Pentel products offer unparalleled quality, reliability and performance. Our extensive range provides a product for virtually every purpose, from tough, durable permanent markers for a variety of surfaces, to dry wipe markers for presentations and meetings, liquid chalk markers for everyday signs and notices, and highlighters for colour-coding, underlining or ear-marking key passages of text or figures.

It’s no wonder we’ve been a leader of marker technology for many years.

---

*SMW26/56 are suitable for use on conventional slate chalk boards and glass. Do not use on vinyl, wood and painted MDF ‘chalk’ boards. For removal tips from suitable surfaces please visit the product section of our website www.pentel.co.uk.

Heavy duty permanent marker ink may ‘bleed’ through lighter paper. Always test suitability before extensive use.

---

Test first to avoid bleed through
MECHANICAL PENCILS & LEADS

Fine lead mechanical pencil technology has been a Pentel speciality for over 50 years. Our wide range of products offers an exceptional choice of pencils for professional, commercial and domestic use. The range is complemented by Pentel refill leads, which are stronger and longer-lasting than ordinary leads. Our new AIN STEIN range is our strongest ever refill lead, with ultimate resistance to breakage and superb density of colour.

**NEW!**
Pentel developed the very first valve-controlled correction pen for neat, accurate cover-ups. We went one better with Micro Correct, a metal-tipped correction pen, which puts you in control of your correcting, with no mess, no waste and no fuss!

Our latest innovation, Correct Express, dries quickly and evenly to give a smooth, flat surface for writing over, with no lumps and bumps.

Pentel’s correction range encompasses liquid and tape products for covering pen ink, plus low-debris erasers for mistakes made in pencil. Excellent performance and long lasting value are the hallmarks of our range.

**CORRECTION PENS & TAPE**

**Correct Express**

- Super quick and even drying, creates a flat surface for neat and tidy re-writing
- Fine metal tip and valve-controlled flow provides accurate application
- A built-in agitator keeps Correct Express fresh and always free-flowing
- Opaque low-odor white fluid provides excellent first-time coverage

**ZLE52**
Contains 7ml of fluid

**Corrected areas are smooth and easy to re-write over**

**Micro Correct**

- The original metal-tipped correction pen
- Dispenses fluid exactly where needed
- Valve-controlled flow makes corrections neat and accurate
- Every last drop of fluid can be used
- Low-odor, trichloroethane-free formula
- Long-lasting size

**ZL31**
Contains 12ml of fluid

**Corrected areas are smooth and easy to re-write over**

**CORRECTION TAPE**

- Mega long-lasting correction tape
- Lasts up to three times longer than standard correction tapes
- Easy to use - ideal for text, figures etc.
- Write over it straight away
- Best value per cm on the market!
- Made from 84% recycled material*

**ZT54PB**
Contains 25m of tape - 4.2mm wide

*Percentage based on the total weight of the product excluding correction tape
HI-POLYMER ERASER

- Excellent quality pencil eraser
- Micro capsule formula gives super-clean results
- Less friction and effort than ordinary erasers
- Minimal debris
- Protective sleeve

ZEH05 Small
ZEH10 Medium

ClicEraser NEW!

- Plastic eraser held in a pen-shaped protective sleeve
- Ratchet system to advance and retract eraser
- Handy pocket clip and rubber grip for comfort
- Refillable - excellent long lasting value!

MECHANICAL PENCIL REFILL ERASERS

- Suitable for many Pentel mechanical pencils
- Tube of 4 erasers
- Erasers supplied in protective metal sleeve

Z2-1N 4 pcs per tube

ART MATERIALS

Artists, students and craft enthusiasts can choose from a variety of wonderful Pentel Arts products, made from quality materials and available in brilliant colours. Perfect for painting, drawing, decorating or designing, let your creativity flourish with Pentel Arts.

Our oil pastels collection offers a range of up to 49 colours, with lovely blending properties, while our water brushes can be used with many media to create beautiful effects.

We also offer good quality colour pencils for sketching and drawing, and our pen collection includes acid-free gel ink pens, perfect for scrapbooking.
Oil Pastels

- Brilliant, fade-resistant colours
- Creamy softness makes pastels easy to lay down and produce varying textures
- Slow drying time means you can work on a piece for several weeks
- Ideal for most types of paper (including pastel, water colour, cartridge, craft etc.) as well as canvas, oil and acrylic boards
- Great to use in conjunction with watercolours, oil paints and soft pastels
- Superb range of up to 49 colours
- Plus! Class pack of 36 sets of PHN4-12

PHN4-12, 16, 25, 36, 50 & PHN4-12CP

Scan the code to watch Oil Pastel video

N.B. Even if the dyes haven’t been fixed using an iron, Pentel can’t guarantee that the colours will be completely removed after washing.

Some fading may occur after repeated washing of fabric/garments

Fabric Fun Pastel Dye Sticks

- Fun, easy way to transform natural absorbent fabrics with unique designs
- Apply pastels directly onto fabric
- Cover completed design with a clean sheet of paper or cloth, and press over it with a hot iron to set the dyes
- Once set, design is permanent (if you’re not happy with your design, don’t iron it, but wash it out in cold water and start again)
- Works best on natural, absorbent light-coloured fabrics such as cotton, linen or silk
- Sets of 7 or 15 or holiday activity set with 1 pack of PTS-15, t-shirt, templates, fabric gel roller and project book

PTS-7 & 15
PTS15/BN15-SET

Wet Erase Liquid Chalk Markers

- Semi-permanent formula - won’t run off in a light shower
- Remove with a damp cloth or non-bleach-based household cleaner, and a non-scratch scourer (may be difficult to erase from uneven surfaces)*
- Valve-activated flow, no blobbing or leaking
- Ideal for use on slate chalk boards and non-porous surfaces (e.g. glass)
- Perfect for fêtes, canteens, pubs and clubs, crafts etc.
- Pigment-based ink
- Standard or jumbo size chisel tip

* This product is suitable for use on conventional slate chalkboards and glass. Do not use on vinyl, wood and painted MDF ‘chalk’ boards. For removal tips from suitable surfaces please visit www.pentel.co.uk or scan this code.
Aquash Water Brush

Our Water Brush has a reservoir that can be refilled easily with water as often as desired. By gently squeezing the barrel, water is delivered to the tip. Perfect for creating different aquarelle techniques or mixing colours.

- Suitable for producing aquarelle or water colour-style painting at any time, in any place, without the need for extra equipment
- Extremely durable nylon tip
- Contains water tank with 10ml capacity
- Available individually or as a set of three

Hybrid Gel Grip

- Smooth writing, acid-free gel ink pen with 0.8mm medium tip
- Gold, silver and white or metallic ink colours
- Comfortable rubber grip, ideal for prolonged use
- Great for greeting cards, gift tags, scrapbooking, drawings and photo albums
- Gold, silver and metallic ink, perfect for light and dark coloured papers
- White ink dramatic on dark coloured paper

Bronze and pink ink available while stocks last!

**RECYCOLOGY**

Recycology from Pentel is a range of filing products, display books, writing and drawing instruments which help to make the world’s resources go further. Made from more than 50% recycled materials the products use fewer valuable virgin resources than standard equivalents, without compromising quality. Many products in the range are long-lasting, refillable and/or reusable.

Inspired by the concept of the 3Rs – Reduce, Reuse, Recycle – Recycology products also incorporate the style and performance associated with Pentel. So, now you can enhance your environment, as well as help to protect it.

Recycology writing instruments are shown within their product families. Look for the Recycology logo throughout this catalogue.

Percentage of recycled material based on the total weight of the product excluding consumable elements.

For more information on our merchandising units please contact your Pentel representative or call us on 00 44 (0) 1793 823333.
Our bold, eye-catching red and white blistercards certainly stand out from the crowd. The front of the cards demonstrate a simple, uncluttered approach, showing the most important product information - such as tip size or feature - and allowing the product to be the main focal point of the packaging.

The rear of the cards provides more detailed product information, as well as suggestions for other products of interest within our range.

Find out more about our range, call your Pentel representative today.
